## Objective

---

I have completed MERN Stack Web Development. I wish to use my frontend development experience for an entry level position to Pursue a Challenging career and be part of a progressive organization that gives Scope to enhance my knowledge. As a web developer I know my responsibilities well, I understand how my job will automate any type of business model. Before going to the logical part I try to understand how customer business is going and what customer's problem which I can solve with the help of my code.
